

STRAPPING TOOLS & DISPENSERS

BATTERY POWERED STRAPPING TOOL

XUTIAN
CHINA

MODEL XT-200

- New generation battery powered hand strapping tool
- One-Piece strap inserting.
- One hand operation for tensioning and sealing.
- Strap tension and sealing time adjustable.
- Suitable for PP and PET strapping.

Specifications

Strap Width	13-16 mm adj
Strap Thickness	0.5-1.0 mm
Tension	40-200 kg
Type of Seal	Friction Weld
Battery Charge	upto 200 cycles with one battery
Dimensions	375x130x140 (LxWxH)
Net Weight	3.9 kg

MODEL DD160T

NEW DESIGN

- High Tensioning
- High Capacity Li Ion battery

Specifications

Strap Width	12-16 mm
Strap Thickness of PP	0.6 - 1.0 mm
Strap Thickness of PET	0.5-1.0 mm
Sealing way	Friction heat sealing
Tension Force	600N - 4000N
Tension Speed	13.5M/min
Operation Mode	Button
Battery Power	Li-Ion 14.4V/2.6AH
Charing Time	60 Minutes
No. of cycles per battery up to	350-450
Charger Voltage	100-240V / 50-60HZ
Long Life	2000 Times
Weight (w/ battery)	3.8 kg
Size	360xW 135 x H 140 mm

TRANSPAK
TAIWAN

MODEL H46

- Digital touch panel
- Wide tension force range
- Friction weld sealing
- Bosch battery and charger
- No adjustment required for different strap thickness
- Brushless motor technology
- Robust housing
- Perfect balance and ergonomic design
- Energy saving mode

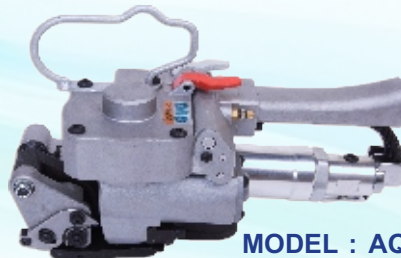

Specifications

Model No.	H-46A	H-46B
Tension Range(Kg)	40-250	60-400
Strap Width (mm)	15-16	19
Strap Thickness(mm)	PP (0.55-1.05) PP (0.75-1.30)	PET (0.50-1.05) PET (0.60-1.30)
Net Weight (Kg)	4.3	4.4
Battery	Bostch Lilon 18V 4.0 Ah	Bostch Lilon 18V 4.0 Ah
Battery Charger	Bosch 115V(110V-120V) 230V(220V-240V) 50/60Hz 1PH	Bosch 115V(110V-20V) 230V(220V-240V) 50/60Hz 1PH

PNEUMATIC STRAPPING TOOL

Specifications

Strap Width	13-19 mm adj
Strap Thickness	1.0-1.5 mm
Tension	200 kg
Type of Seal	Friction Weld
Pressure	5-7 Bar
Dimensions	275x115x130 (LxWxH)
Net Weight	3.8 kg

MODEL : AQD-19

- These pneumatic strapping tools are used to tension, seal and cut various grades of plastic straps of Polypropelene (P.P) and Polyester (PET).
- These tools create a SEALLESS joint and find wide usage in securing large articles, Pallets, Bales etc.

PLASTIC STRAPPING SEALER

- These Sealers are used with different sizes of PP and PET strap.
- PET Strap Sealers are for Crimping heavy duty serrated seals.
- High quality and duly heat treated for long life
- These tools are being sourced from top manufacturers of Taiwan and China

PLASTIC STRAPPING TENSIONER

- This tensioner is used for applying maximum tension with minimum effort
- Has cutter to cut off the excess strap
- Ergonomic and durable designs

PORTABLE STRAP DISPENSER

- Different models for steel and PET Strapping.
- Big rubber and wheels.
- Large tray for storing seals and tools.

Specifications

Strap	Pet	Steel
Strap Roll ID	400	200/400
Strap Roll OD	650	610 mm
Strap Width	25mm	32mm

SEALLESS STEEL STRAPPING TOOL

- Light weight die cast aluminium body
- No seal's required to lock strap
- Simple 3 step operation

Specifications

Joint Strength	upto 80%
Strap Width(mm)	13-16-19
Strap Thickness(mm)	0.38 to 0.58
Net Weight(kg)	3.8

MODEL : A-333
